

A close-up photograph of a complex, dark-colored metal casting, likely an engine component. The casting features several circular ports and intricate internal channels. Two manual marking labels are visible: one on the left and one on the right. The right label is clearly legible, showing the word "PRYOR" in a bold, sans-serif font, with "MARKING TECHNOLOGY" written in smaller letters below it. A QR code is also present on the right label. The lighting is dramatic, highlighting the metallic texture and the precision of the casting.

PRYOR

Safety Grips

- » Minimises risk of injury
- » Allows a controlled and confident strike assisting the operator in making a good clear mark
- » Choice of Safety Grips to suit your application and budget requirements

The Range

Heavy Duty Punch Grip

Economy Safety Grip

Type Holder Safety Handle

Heavy Duty Punch Grip

- Aluminium cast body
- Sprung-loaded lever
- For use with all Pryor Punches
- Model GRIP0001

Punch Safety Grips are designed to enable a hard blow to be struck by hand and hammer whilst minimising any risk of injury to the users. They not only protect the user, but ensure a crisp, even mark

Lightweight yet hard wearing cast body offering a long service life

Spring loaded lever for quick load and release of the stamp making this safety grip perfect for quick stamp changes

Aperture measures 25mm / 1 inch across so can accommodate all Pryor standard punches, including our Heavy-Duty Goliath range

Suitable for use with hand stamps only

Product dimensions: 175 x 60 x 38mm

Economy Safety Grip

- General tool safety grip
- Nylon loop fits a variety of tools
- Low cost alternative
- Model number GRIP0004

Nylon fabric strap with rubberised high-grip surface can be easily set by simple adjustment of the dial

Ergonomically designed to match the shape of the human hand, creating a comfortable and firm hold

Lightweight grip also has a vibration absorbing handle, providing users with smooth control

When fully expanded, the nylon strap aperture measures 25mm / 1 inch across to accommodate:

- All Pryor standard punches
- Interchangeable Type Holders 1mm up to 5mm character heights
- Small frame Manual Numberer hand shank character sizes 1.5mm up to 3mm

Product dimensions: 180 x 48 x 32mm

Type Holder Safety Handle

- Safety handle for use with Interchangeable Steel Type Hand Holders
- Available for large sizes 6mm and 10mm
- Hand and hammer use

An extended, 180mm length handle keeps the hammer a safe distance away from the fingers of the user and assists the user to make a more controlled and confident strike for a good quality mark.

The Safety Type Holder is available for the large Steel Type sizes 6.0mm and 10mm.

Steel Type Character Size	Safety Holder Handle Code
6.0mm	HSH9.6-40
10.0mm	HSH16-57

Safety note: As with all striking tools, we recommend the use of appropriate safety protection.

Safety glasses and gloves should be worn at all times.
